Products listed on page 94 -95 may not be legal for road use and are strictly intended for off-road competition use only. Certification may be required for on-road use.

The above products are not covered by the Ironman warranty policy.

Further vehicle modifications may be necessary. Such modifications are entirely the owners responsibility. Ironman accept no responsibility for any damage or injury caused by use of the above products.

* Vehicles manufactured pre 8/1991 result in 20mm lower lift than post 8/1991.

¹ Landcruiser with two Front Brake Hoses, order extra BHOSE002 for Front..

² 80 Series may have SBEXT002 or SBEXT005, 105 Series will use SBEXT005. 80 Series must check your Rear Sway Bar Bracket before ordering.

NOTE: Image above indicates kit contents.
